dhruvvsingh22@gmail.com | 9318315410 | linkedin.com/in/dhruv-singh | Gurugram Haryana

Software Developer skilled in Data Structures, Algorithms, and full-stack development. Experienced in building scalable and maintainable applications. Passionate about clean code, efficient debugging, and continuous learning of new technologies.

Education

J.C. Bose University of Science and Technology, YMCA

Bachelor of Technology in Computer Science Engineering | CGPA: 8.5 /10.

August 2019 – July 2023

Faridabad, Haryana

S.K. Sr. Sec. School, Gurugram

12th | CBSE | Percentage: 87.4%

March 2018 – March 2019

Gurugram, Haryana

Experience

1) Samsung Research and Development Institute India – Delhi (Samsung Electronics)

Noida, Uttar Pradesh

Software Developer (Skills: C++, C#, C, Tizen Nui)

January 2024 - Present

- Developed and enhanced **Samsung Account** features on **AI-Home** and **Family Hub** devices including complete login/logout flows and additional functionalities across **46 country** specific accounts.
- Upgraded single-account functionality to support **multiple-account login** (up to 6 accounts) with added **security features** such as password verification for high-security accounts.
- Integrated with the **Bixby** team for **voice-based account switching** using user voice ID verification linked to specific accounts and enforced additional security for high-security account switches.
- Handled **API calls, data synchronization, and event delivery** in the UI app and device, enabling timely **account-linked event updates** to apps like Browser, TV Plus, and SmartThings, and other apps for seamless system-wide data sync.
- Reduced app loading and information display time from **40 seconds to 7-8 seconds** using caching and background synchronization; implemented graceful handling of API failure scenarios and fallback mechanisms.
- Additionally contributed to the **Audio Common UI** project to display unified media card (for **Spotify, YouTube, and Bixby**) on the home and lock screens.
- Implemented unified **playback controls** and ensured a single **media card** by syncing app data, reducing duplicate code and app-specific efforts.

2) Planify Capital Limited (Full time + 6-month internship)

Gurugram, Haryana

Frontend Developer (Skills: React JS, Next JS, HTML, CSS, Typescript)

January 2023 – October 2023

- Developed **web pages** for funding-related content, optimizing load times and enhancing performance across devices.
- Built core features: **admin panel, job application system, payment gateway, and cart functionality**.
- Created **dynamic charts, graphs**, and an interactive, gamified interface to present data in an engaging, user-friendly way.
- Collaborated with the **analyst team** to identify and resolve issues in report generation, enhanced **data representation**.
- Built an employee-friendly **editing feature** by refactoring code across all pages, with seamless backend integration and a responsive frontend that adapts to user type, providing editing access to employees with accurate payload handling.

Technical Skills

- Programming Languages:** C++, C#, Java, Python, TypeScript, JavaScript, Tizen NUI
- Web Technologies:** ReactJS, Next.js, Node.js, HTML, CSS
- Core concepts:** Data Structures & Algorithms, OOPs, Operating Systems, Computer Networking, DBMS

Projects

1) Food World – MERN Stack Web App

- Built a responsive food ordering platform with category listings, item pages, secure payments, and real-time updates; optimized for speed and user experience. Tech: ReactJS, Next.js, Node.js, Express, MongoDB, TypeScript, CSS

2) Move On – A Smart CCTV Project

- Built a real-time security system with face/object detection, alerts, and recording; designed a user-friendly Tkinter interface for camera control, alerts, and playback. Tech: Python, ML, OpenCV, NumPy, Keras, Tkinter

Achievements

- Received **Spot Award** at **Samsung** for multi-account feature and **Best Employee Award** at **Planify** for impactful work.
- Solved **800+ DSA problems** on GFG, LeetCode, CodeChef, and HackerRank; cleared **Samsung's DSA Professional Test**.
